

Delock Hook-and-Loop tape on roll with strap L 5 m x W 20 mm black

Description

This hook-and-loop tape by Delock can be used e.g. for space-saving bundling of single cables, for closing bags or also as a retaining strap for luggage or similar. The tape can either be sewn, nailed or stapled to the object.

Strap for fastening

By using the strap, the hook-and-loop tape can be securely fixed e.g. to a cable bundle and ensures that exposed cables are kept clear and tidy.

Reusable due to hook-and-loop fastener

The hook-and-loop fastener allows the cable tie to be quickly attached and easily removed again. The attached clamp at the strap ensures strength, stability and secure bundling.

Cutable

The length of the roll can be individually shortened and a new clamp added. Suitable clamps are included in the set.
