

Navilock Maxi Charger > chargeable battery and USB devices

Description

This charger by Navilock enables you to charge rechargeable batteries of different devices, e.g. mobile phones, cameras, etc. Suitable Navilock charging adapters for rechargeable batteries are available. Furthermore you can charge different USB devices by using the USB port on the side. For charging your USB devices you only need the included AC cable or car charger cable for connection at home or on the way in your car.
