

Delock 4 Port USB 5 Gbps Hub with USB Type-C™ or USB Type-A connector

Description

This solid USB hub by Delock with metal housing can be connected to a computer, laptop or mobile device via the **USB Type-A or USB-C™ interface**. It expands the computer by **4 USB Type-A ports**. Different USB devices such as USB flash memory, card reader, external enclosure etc. can be connected.

Extensive connectivity

Due to the specially designed adapter, the Delock hub can be quickly and easily connected to the USB Type-A socket. Thus, it can be easily connected to new devices with USB Type-C™ female and older devices that only have a USB Type-A connector. The **adapter is located directly on the cable** and therefore it cannot be lost.

Small sturdy helper

Due to its **small dimensions and its sturdy housing**, this Delock Hub is particularly suitable for travelling. It can simply be packed into the bag together with the laptop or tablet and used as needed.
