NAVILOCK®

Delock Keystone Surface Mounted Box surface mounted 4 Port for fiber optic and network white

Description

This empty box by Delock is suitable for mounting 4 Keystone modules and can be used as a junction box on the wall or in enclosures. It offers a versatile solution for the flexible installation of Keystone modules in networks, data centres, home and commercial environments.

Dual design for fiber optics and network

The dual design also offers a flexible solution for the organisation and protection of fiber optic connections and network connections.

Winding system for optical fiber cables

The built-in spool makes it possible to wind fiber optical cables cleanly and safely. The device provides a structured cabling infrastructure and prevents kinks and damage to sensitive optical fiber cables.
