

# Delock Fiber Optic Wire Stripper for optic fiber cable

## Description

This wire stripper by Delock is ideal for stripping fiber optic cables.

### Easy handling

The upper, largest opening of the pliers can be used to strip the 2 mm thick outer jacket of the fiber optic cables. The second opening can be used to **remove the 900 µm buffer insulation**, while the third opening of the pliers can be used to **strip the 250 µm acrylate coating**.

### Ergonomic design

The soft handles and the non-slip material ensure optimal working. The ergonomic grip makes these pliers the perfect companion in the field of fiber optic termination.

### Note

The plier has a locking mechanism to prevent unintentional closing or opening.

**Item no. 90552**

EAN: 4043619905522

Country of origin: China

Package: Blister

## Technical details

- Metal pliers with plastic handles and lock
- Stripping values:
  - primary coating: 250 µm
  - secondary coating: 900 µm
- Colour: yellow / black
- Weight: ca. 110 g
- Dimensions (LxWxH): ca. 160 x 55 x 15 mm

## System requirements

- Suitable cables for stripping

## Package content

- Cable stripper
